

WHAT IF EVERYONE ON CAMPUS HAD MATLAB?

More than **4.4 million students and over 1,300 universities** around the world—including the top 10 ranked universities—have unlimited access to MATLAB and Simulink with a Campus-Wide License.

“On multidisciplinary projects, students with quite different educational backgrounds can work together more easily because they are using the same tools.”

Professor Jakob Stoustrup, Aalborg University

HANDS-ON LEARNING

92,500

Faculty and students using MATLAB to program hardware

JOB OPPORTUNITIES

82%

Fortune 100 companies with a MATLAB license

“If you want to work at Google, make sure you can use MATLAB.”

Jonathan Rosenberg, Senior Vice President of Products, Google

“Our teams are here to do world-class research, and easy access to MATLAB enables them to be their most productive.”

Shailesh Shenoy, Director of Research Computing, Albert Einstein College of Medicine of Yeshiva University

RESEARCH PRODUCTIVITY

2,570,000

Google Scholar results referencing MATLAB
